

CFK 2013 Winners

Chevron & Tesoro, with all of their Alaskan employees, congratulate all participants and winners for their creative thinking in our 23rd annual "Caring for the Kenai" Contest.

Caring for the Kenai is a cooperative effort of the entire Kenai Peninsula community. It challenges high school students to respond to the question: What can I do, invent or create to better care for the environment of the Kenai Peninsula, or to improve the area's preparedness for a natural disaster?
